

Close Your Home Loan FAAAAAST!

While some lenders can take a month or longer to process a loan, Bank of Utah **closes loans in half the time**.

What difference does **faaaaast** make? Cutting your processing time in half can give you:

- **A lower interest rate**. You're in a better position to lock in the best interest rate possible when you can close *quickly*.
- **More negotiating power**. When you can provide a *quick* settlement, the seller of a home may be more inclined to accept your offer above others.
- **Availability to buy**. A *timely* pre-approval letter can put you first in line when it comes to negotiating your purchase.
- **Re-fi money faster**. When pulling cash out of your home, our process will help you achieve your goal and access your equity *faster*.
- **Live your dream now**. Why wait 60 days or longer to move? We're ready to help you settle into your new home *quickly*.

If you're ready to purchase a home and take advantage of today's low rates or access your home's equity, Bank of Utah will help you close **faaaaast!**
