

**BANK OF
UTAH®**

CRA PUBLIC FILE

CRA Assessment Area

For purposes of evaluating the Bank's performance under the Community Reinvestment Act, the Bank describes its "assessment area" as any county in the State of Utah where the Bank maintains a full service operating branch.

The Bank's assessment area includes the following whole counties which are part of the following MSA's:

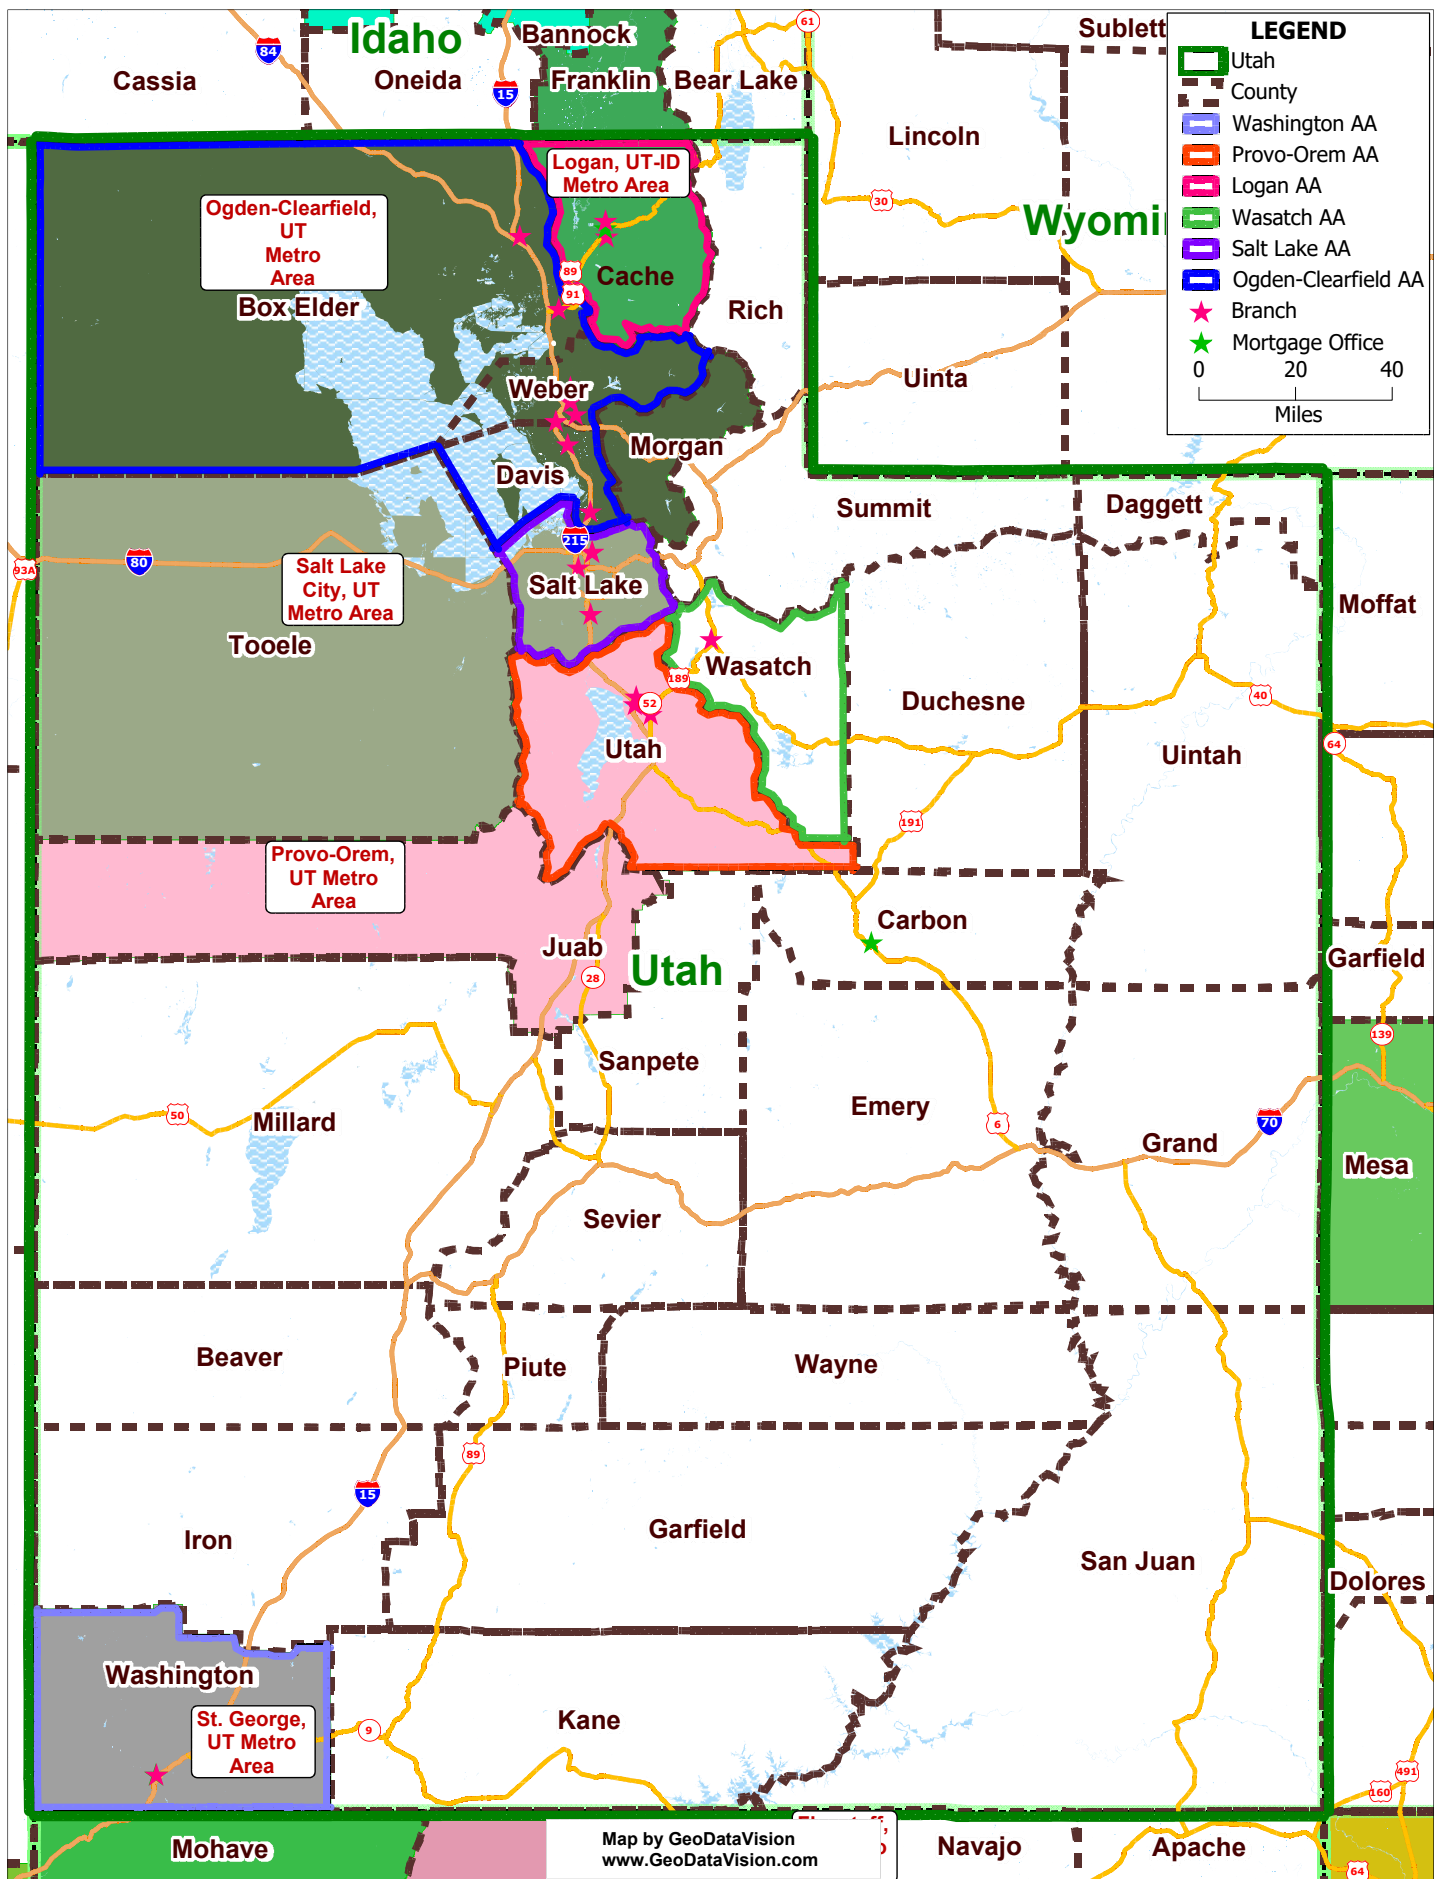

County	MSA
Cache	Logan, UT-ID
Box Elder	N/A (outside of MSA/MD)
Weber	Ogden, UT
Davis	Ogden, UT
Salt Lake	Salt Lake City-Murray, UT
Utah	Provo-Orem-Lehi, UT
Wasatch	N/A (outside of MSA/MD)
Washington	St George, UT

Bank of Utah does not exclude from its assessment area any geographies or census tracts in any of the above counties.

Branch Closings and Openings **2022**

Bank of Utah did not have any branch openings, branch closings, branch relocations or new ATM locations in 2022.

Branch Services

All of our checking accounts come with the following services.

- Free online banking/mobile banking
- Free bill pay
- Free debit card/Card Manager
- Surcharge-free ATM access in all 50 states
- Three Overdraft Protection options:
 - Automatic transfer from a linked Bank of Utah account
 - Overdraft Line of Credit (subject to credit approval) *Not applicable to Thrive Checking Accounts and Minors (Under age 18)
 - Authorized overdraft on debit card purchases (called *Reg. E Opt in*) *Not applicable to Thrive Checking Accounts and Minors (Under age 18) UNLESS a parent/legal guardian who is also on the account signs to allow the minor to Opt in
- Special Discounts on fees for mortgages closed with Bank of Utah
- CardSwap
- Identity Theft Recovery Services

Easy Checking

Free checking account with unlimited check writing and includes:

- \$100 opening deposit
- No minimum balance
- No monthly service charge
- Does not earn interest
- Can open online or in branch

Evergreen Checking

Evergreen is a checking and savings blend and includes:

- \$100 opening deposit
- Interest paid if average daily balance over \$500
- \$10 monthly service charge if average monthly balance for the monthly statement cycle falls below \$10,000
- Interest bearing (tiered)
- Free Visa Debit Card
- Free online banking
- Can open online or in branch

Thrive Checking

Thrive Checking is a Bank On Certified Account that includes:

- \$5 opening deposit
- No minimum balance
- No monthly service charge
- Does not earn interest
- Free Visa Debit Card

Thrive Checking Continued...

- Free online banking
- No dormancy fee
- No early closure fee
- No overdraft fees (only given debit card to access funds, no checks)
- Can only be opened in branch

Health Savings Accounts (HSA)

A Health Savings Account (HSA) is a tax advantaged account used to pay for health care expenses. HSAs must be paired with a High Deductible Health Plan (HDHP) and together can offer significant insurance savings and tax-exempt savings. Another great benefit of the HSA: unlike other plans (like Cafeteria Plans), the money in your account and the interest you earn is yours to keep year after year.

Account Features:

- No monthly maintenance fee
- No account setup fee
- No minimum to open
- Interest bearing (tiered)
- Maintain an average daily balance of \$500 or more to obtain interest.
- Earn more interest if you keep a balance of \$1,000 or more.
- Free Visa Debit Card
- Free online banking and bill pay

I Save

This is a savings account that pays a tiered interest rate. The more you save, the more interest you earn.

- \$100 opening deposit
- Interest paid with a balance of \$500 or more
- No monthly maintenance fee
- Can make deposits in branch with no fee
- Can open online or in branch

Children's I Save

This account is a great way to help kids under 18 develop meaningful financial habits and save for the future.

- \$10 opening deposit
- Interest paid with a balance of \$500 or more
- No monthly maintenance fee
- Can only be opened in branch

Private Banking I Save

- \$100 opening deposit
- Interest paid with a balance of \$2,500 or more
- No monthly maintenance fee
- Can only be opened in branch

My Money Market

- \$100 opening deposit
- Maintain a minimum balance of \$10,000 in the account each day to obtain the disclosed annual percentage yield.
- No monthly maintenance fee
- A withdrawal service charge fee of \$10.00 will be charged for each debit transaction in excess of six (6) during the statement cycle
- Can only be opened online

My Money Market

- \$100 opening deposit
- No minimum balance to obtain the annual percentage yield.
- No monthly maintenance fee
- A withdrawal service charge fee of \$25.00 will be charged for each debit transaction in excess of six (6) during the statement cycle
- Can only be opened online

Individual Retirement Accounts

An Individual Retirement Account (IRA) is a personal savings plan that, in many cases, provides income tax advantages to individuals saving money for retirement purposes. IRAs can also be established for educational purposes. An IRA may be set up with a minimum of \$100 at any time and contributions to it made as you like, in compliance with government tax laws. The length of time and amount of the IRA determines the rate of interest you earn.

Bank of Utah can guide you through the laws and regulations that impact IRAs to help you determine whether this investment tool is right for you.

Certificates of Deposit

CDs can be a very important component of your investment plan. Bank of Utah offers a broad selection of CDs that earn you a guaranteed rate of interest when you leave your money in for a fixed period of time. The rate of interest you earn depends on the length of time and the amount of deposit. Federal regulations require substantial interest penalties for early withdrawals.

The Certificate of Deposit earns high interest safely and conveniently for individuals, as well as for partnerships, corporations, municipalities and associations.

Super Saver CD

Use our Super Saver CD to save for a holiday event, a big vacation, or to jump start a savings program. The Super Saver CD is a one-year certificate of deposit, with no maintenance charges, the interest you earn will be compounded and credited to your account every quarter. Interest that is earned is adjusted at maturity to match our 12-month CD rate. Money can only be withdrawn at 12-month maturity. Early withdrawal will have a penalty fee imposed. The CD requires a \$500 minimum deposit, with subsequent deposits of at least \$100.

Website states:

- Set aside funds to withdraw on a specified date - good for when you won't need immediate access to your funds during the term length.
- Open your account with **a minimum deposit** (amount varies depending on CD).
- Interest will be compounded, and credited to your account, every quarter on accounts with terms of one year or more.
- You may not make any deposits into your account before maturity.
- You can withdraw interest credited in the term before maturity without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account. You may not make withdrawals of principal from your account before maturity.
- This account will automatically renew at maturity unless you provide the bank with written notice of your intent not to renew. The written notice must be provided either before the maturity date or within a grace period of 10 calendar days after maturity, which also allows you to withdraw the funds without penalty.

Our checking accounts offer convenience, value, security and peace of mind. One of our knowledgeable bankers can help you choose accounts that will maximize your cash flow and help you achieve your financial objectives. Our business checking accounts include the following benefits:

- Free check images returned with statement
- Free check images available online
- Free online banking
- Free online Bill Pay
- No-fee Notary Service

Analyzed Business Checking

This account is for larger businesses that have higher account activity or wish to use their balance to offset transaction fees and costs associated with the use of Treasury Management products.

Account Features:

- \$500 opening deposit
- \$8 Monthly Service Charge
- No minimum balance
- Free Business Rewards Debit Card
- Invitation to Attend Bank of Utah Financial Seminars

Treasury Management Features:

- Free online banking with security token for additional protection
- Option to upgrade to Enhanced Internet Banking with ACH/Payroll and Online Wire Capabilities
- Free Business Online Bill Pay
- Access to Bank of Utah Merchant Services and Merchant Terminals
- Option to add Remote Deposit Scanner
- Option to attach to a Sweep Account

Loan Features:

- Business Rewards Credit Card*
- Overdraft Line of Credit on Checking Account*
- Small Business Line of Credit*

*Credit Approval Required

Monthly balances on the account determine a tiered earnings credit. Tier Levels are \$0.00 to \$19,999.99, \$20,000.00 to \$99,999.99, and \$100,000.00 and greater. The earnings credit obtained each month offsets the monthly activity charges. A tiered earning credit allowance is calculated based on the average of the 13-week Treasury bill auctions conducted during the concurrent month.

The earnings credit computation is derived in the following manner:

- The daily average balance less uncollected funds equals daily average collected funds.
- The daily average collected funds less 10% reserve equals daily average investable balance.

- The daily average investable balance multiplied by the earnings credit allowance and divided by 365, then multiplied by the number of days in the billing cycle, equals the earnings credit.

Free Business Checking

This account is for businesses with basic treasury management needs and smaller numbers of transactions 300 checks per month FREE! After 300 transactions per month a \$0.50 fee per transaction is applied. Minimum Opening Deposit of \$100.00.

Account Features:

- No monthly service Charge
- No minimum balance
- Free Business Rewards Debit Card

Treasury Management Features:

- Free online banking with security token for additional protection
- Option to upgrade to Enhanced Internet Banking with ACH/Payroll and Online Wire Capabilities
- Free Business Online Bill Pay
- Preferred Pricing on Bank of Utah Merchant Services and Merchant Terminals
- Option to add Remote Deposit Scanner
- Sweep Accounts not available

Loan Features:

- Business Rewards Credit Card*
- Overdraft Line of Credit on Checking Account*
- Preferred Pricing on Small Business Line of Credit*

*Credit Approval Required

In February 2025, **Card Manager** will replace CardValet as the tool for consumer debit card management. Fully integrated into online and mobile banking, Card Manager will provide clients with enhanced features and a more seamless experience.

These FAQs are here to help you get familiar with Card Manager, confidently answer client questions during the transition and highlight its features to new clients. Take some time to review them, and if you have any further questions or need clarification, don't hesitate to reach out to:

Debit Card Team

Mindy Walsh, mwalsh@bankofutah.com, 801-409-5048
Shauna Gomez, sgomez@bankofutah.com, 801-409-5237

Central Operations

centralops@bankofutah.com

General Questions

What is Card Manager?

Card Manager is the new tool for consumer clients to manage their Bank of Utah debit cards, replacing CardValet for personal accounts.

Business clients will continue to use CardValet.

Unlike CardValet, Card Manager is fully integrated into online and mobile banking, eliminating the need for a separate app. This integration offers a more seamless, convenient and secure experience for managing debit cards.

Who can use Card Manager?

Card Manager is exclusively for consumer accountholders with debit cards. Business clients will continue to use CardValet, with no changes to how they manage their business debit cards at this time.

How do clients access Card Manager?

Clients can access Card Manager via online banking or the Bank of Utah mobile app.

- **Online Banking:** Log in and click on Card Manager in the green navigation menu at the top of the screen.
- **Mobile App:** Update the mobile app to access Card Manager. Once updated, log in to get started. Clients can find Card Manager in the menu at the bottom of the screen.

Clients' debit cards should already be pre-loaded into Card Manager, if the cards are tied to their Social Security Numbers. They should review the information to ensure everything looks correct.

Do clients need to delete the CardValet app?

Yes, consumer clients currently using CardValet should delete the app from their phone once they've transitioned to Card Manager. Keeping the CardValet app may result in duplicate notifications and confusion. Removing it ensures a seamless experience with Card Manager.

Features of Card Manager

What is the biggest difference between CardValet and Card Manager?

The biggest difference is where the tools are located. Card Manager is fully integrated into online banking and the Bank of Utah mobile app, so consumer clients no longer need a separate app like CardValet.

Card Manager offers tools similar to CardValet, such as turning cards on and off and setting controls, but it also includes new features, like detailed transaction insights, enhanced security options, and the ability to manage travel plans.

What kinds of controls are available?

Card Manager lets clients customize how their card is used:

- **Merchant Categories:** Clients can enable or disable their card for specific categories like gas, groceries, hotels or travel.
- **Locations:** Clients can set controls for "my location," a specific region or block all international charges.
- **Transaction Types:** Clients can block specific transaction types like in-store, online, autopay/recurring or ATM withdrawals. (**Be aware:** If a client blocks "recurring payments," for example, all transactions in that category will be blocked. So, if they intended to just block their gym membership, they might accidentally block something else marked as recurring, such as their streaming services.)
- **Spend Limits:** Clients can set spending limits, although these cannot exceed the default limits of the card.
- **Travel Plans:** Clients can easily set up travel notifications to keep their cards working smoothly when they're away from home.

How can clients notify Bank of Utah about their travel plans?

Clients can now set up travel notifications directly through Card Manager, eliminating the need to call our customer service center. This feature allows clients to inform us of their travel plans, ensuring uninterrupted card usage during trips.

Please note that while most destinations can be added through Card Manager, some countries may not be available due to security protocols. In such cases, clients are encouraged to contact our customer service team for assistance.

We're always here to help, so if clients prefer speaking with a representative or encounter any issues, they can still reach out to us directly.

Will clients get notifications when their cards are used?

Yes, with Card Manager, clients receive real-time alerts whenever their cards are used or declined. Additionally, if a transaction is declined, Card Manager provides detailed insights into the reason for the decline, helping clients understand and address any issues promptly.

Can clients add their cards to their digital wallets?

Yes, from the Bank of Utah mobile app, clients can push their cards to digital wallets like Apple Pay or Google Pay.

Can clients view their card details?

Yes, clients can view their full card number, expiration date and CVV securely within Card Manager.

Can clients turn their debit card on or off?

Yes, clients can turn their debit card on or off to help protect against fraud. When the card is "off," no withdrawals or purchases will be approved.

Can clients see insights into their spending?

Yes, Card Manager offers spending insights for debit card purchases, categorized by merchant type, location and time of purchase. It also allows clients to see their recurring transactions, as well as any subscriptions linked to their debit cards.

Can clients change or set their PIN?

Yes, clients can securely change or set their card's PIN in Card Manager.

Transaction Details

What additional details can clients see about their purchases?

- The merchant's location for in-person purchases.
- The merchant's phone number and website, if applicable.
- A list of merchants where clients have recurring charges.
- A list of merchants that have clients' cards on file.

The bank has designed a full line of treasury management solutions so you can manage your business online banking and cash management with ease. In addition to your business deposit accounts, keep your business financial operations running smooth with products that will increase your availability of funds, improve efficiency, enhance security and deliver streamlined electronic service.

Business Online Banking

Manage your business banking on your time with our complete online banking service suite which includes online bill pay. Our secure convenient and user friendly environment provides for effortless online banking as well as mobile/remote banking.

ACH Debit - Collecting Payments

Electronically transfer funds with ACH Debit. Use ACH Debit to collect or pull payments from another person or business bank account.

Positive Pay

Upload your daily checks and ACH payments daily to our online banking system to be cross-referenced with account debits. You may choose to receive notifications for ACH only or check only, when a debit hits your account, protecting your business from any fraudulent activity.

Remote Deposit/Mobile Deposit

Deposit checks right from your office to your bank account via scanner or mobile device, saving you time and money.

ACH Credit

Electronically transfer funds with ACH Credit. Use ACH Credit for direct deposit payrolls, as well as to make payments.

Online Wires

Manage wires through your business online banking account. Save a trip to the bank by sending wires online.

Merchant Services

Accept debit and credit cards via point of sale (POS) systems, mobile solutions, or online with our gateway solution. Our payment processing systems are as simple or complex as you need with no monthly contracts or minimum processing requirements.

Payroll Cards

Offer payroll cards to your employees making direct deposit payroll available to them with the convenience of a debit card. A cost effective benefit to your employees and business.

Sweep Accounts

Manage your cash flow between two or more accounts to pay down a line of credit, save money, earn more interest, or both. Open a sweep repurchase account to manage daily sweeps and increase interest earned on operating funds. Protect business funds with our Insured Cash Sweep (ICS) option.

Free Online Banking and Mobile Banking

Use Bank of Utah's Online Banking services to manage your banking affairs from home or at work, 24-hours a day, 7 days a week, through the Internet. It's safe, easy, private, and convenient.

Use our online banking services to do any of the following:

- View your accounts 24-hours a day, including account balances and recent transactions
- Obtain and update account information
- Transfer money between your accounts (Internally and Externally)
- Place stop payments
- Apply for consumer loans
- Make loan payments – with Bank of Utah checking account
- Pay your bills through bill pay
 - Schedule payment to anyone that you currently pay by check
 - Schedule recurring payments
 - Receive and pay "e-bills"
- Send money to friends through Zelle
- View up to 24 months of past account statements through our e-statement portal
- Find nearby branch and ATM locations
- Deposit Checks*
 - Download our app on a device with a camera and easily deposit checks into your account without going to a branch

*Depositing checks is only available through our mobile banking application on a device with a camera.

Telephone Banking Information

With Telephone Banking, account information and customer service are just a phone call away. A simple, automated phone system keeps you in touch 24-hours a day.

To use Bank of Utah's Telephone Banking, call:

- Local: **801-394-9804**
- Toll Free: **1-800-394-9804**

A recorded voice gives you options to access the system. If you are familiar with the system and know the option you need, you may press that option during the message.

*Available during the Call Center's business hours 7:00 a.m. - 6:00 p.m. (MST)

Identity theft happens when someone uses your personal information without your permission to commit fraud or other crimes. Bank of Utah recognizes that no matter how careful you are, almost anyone can fall victim to this crime.

In response, we automatically provide every signer on a Bank of Utah consumer checking account with FREE Identity Theft Recovery Services.

5 Benefits of Our Identity Theft Recovery Services

A fully managed program, Bank of Utah's recovery services is there for you from the time your identity is stolen until your identity is restored.

You will be assigned a certified, licensed recovery advocate to complete the recovery work* on your behalf, including:

1. **Researching the extent of the problem**, including a review of your credit report
2. **Assisting you with the process of freezing your credit reports** with the major credit bureaus
3. **Coordinating with other agencies, financial institutions and creditors** to resolve incidents
4. **Helping you replace identity credential documents**, such as driver's licenses or passports that have been lost, stolen or destroyed during your identity theft incident
5. **Requesting the removal of fraudulent records** to recover your identity back to pre-theft status

**If you have a financial loss from your Bank of Utah account, Bank of Utah will help with the attempt to recover the funds, if warranted. If you have financial losses from accounts at other institutions as a result of the identity theft, your identity theft recovery advocate will work with you to recover those.*

Review specific service coverage information online at:

<https://www.bankofutah.com/personal/services-benefits/identity-theft-recovery-services>

Like other lines of credit, you must apply and be approved for the overdraft line of credit. Your credit limit will be based on your credit history. Once approved, the line of credit will be available to transfer funds to your Bank of Utah checking account in increments of \$50 should you have an overdraft or non-sufficient funds.

Fees: There is no cost to enroll or to keep the line of credit open. You only pay fees when you use the service. You will incur a \$5 fee every time a transfer is made to cover an overdraft. When an advance is made, you may repay it immediately. You will be charged an annual percentage rate (APR) of 21% on any outstanding balance and will be charged interest from the transaction date. *

**The minimum monthly payment will equal any amount past due, any fees and charges due, and the greater of \$10 or 5% of the new balance indicated on the periodic statement.*

Standard Fees	
\$5.00	Per completed transfer
\$30.00	Late payment fee
\$20.00	Returned payment fee

Bank of Utah VISA Debit Card

Our Visa Debit Card offers convenience and can be used virtually everywhere. We offer the latest contactless cards with EMV Chip technology that helps increase security and reduce card-present fraud. These cards are embedded with a micro-computer chip. Some transactions may require a PIN instead of a signature to complete the transaction process.

Bank of Utah Business Rewards VISA Debit Card

This card offers the same convenience and technology as our standard debit card but includes the ability to earn rewards. Earn one point for every \$1 of net purchases charged to your Business Rewards Debit card. Choice of rewards includes a wide selection of travel, gift cards and merchandise.

Bank of Utah offers very competitive rates on consumer loans. As a Bank of Utah account holder, you receive a discount of 0.25% off of your original loan rate when you set up your loan payment with an automatic payment plan.

[Auto Loans](#)

Bank of Utah has low-rate auto loans to purchase the car or truck of your dreams. If you already have your dream car, take advantage of our low rates by refinancing your loan. Don't forget about our ability to help you gain access to your vehicle's equity to consolidate debt and get a lower interest rate.

[Unsecured Loans](#)

An unsecured loan is a great option with a variety of purposes and doesn't require any collateral to borrow against. If you would like to consolidate debt, consider using an unsecured loan to combine everything into one loan with a low monthly payment

[Recreational Vehicle \(RV\) Loans](#)

Utah is a mecca for the adventurer. And, lucky for you, Bank of Utah is the mecca for financing the dreams of the outdoor adventurer – it's a perfect match.

We finance a variety of large RVs with terms up to 120 months for:

- Trailers
- Boats
- Fifth wheels
- Campers, and
- Motor homes

But we don't stop there. We also have loan products with competitive rates for small RV's, including:

- Motorcycles
- ATV's
- Snowmobiles, and
- Personal watercraft

[CD-secured or Savings-secured](#)

A CD-secured or Savings-secured loan from Bank of Utah is a personal loan which requires a borrower to include a Savings Account or Certificate of Deposit (CD) as collateral for the loan.

Secured loans are a great way to build or rebuild credit by providing monthly repayment opportunities with fewer qualification requirements and without pulling credit.

CD-secured or Savings-secured loans also allow quick access to cash, borrowing from what already is in the account. The funds from a secured loan allow you to cover a variety of expenses like home improvements, college tuition or consolidating debt with higher rate balances.

Bank of Utah has access to numerous different programs available in the secondary market.

Conventional Loans

A conventional loan is any mortgage that is not guaranteed or implicitly insured by the federal government. A conventional loan is the ideal loan for borrowers with excellent credit and funds for a down payment.

Conventional mortgage guidelines allow you to purchase condos, planned unit developments, modular homes, manufactured homes, and 1-4 family residences. Conventional loans can also be used to finance primary residences, second homes and investment properties.

This standard product is the loan of choice for 70% of our customers. If you have money for a 5% down payment, this may be the loan for you.

First-Time Home Buyers

Bank of Utah has consistently been a top first time homebuyer lender in the state for the last ten years. The Bank has access to so many mortgage programs that we can almost always find a way to help families get into a home. Bank of Utah is a certified lender for Utah Housing.

Bank of Utah is a member of the Federal Home Loan Bank (FHLB) of Des Moines. We participate in their Homestart and Native American Homeownership Initiative programs (NAHI). FHLB supports affordable housing in the community of their members. We have access to grant funds to provide down payment and closing cost assistance to income eligible owner-occupant households.

FHA - Utah Housing Assistance

We believe that everyone deserves the opportunity to own a home. If eligible, you can take advantage of 100% financing at below market interest rates and receive assistance for your down payment.

VA Loans

A VA loan helps service members, veterans and eligible surviving spouses by offering no down payment funding with low rates and flexible terms with no private mortgage insurance (PMI).

USDA - United States Department of Agriculture/Rural Housing Loans

A Rural Housing loan, also referred to as a USDA loan or a Section 502 loan program, assists applicants in geographically-eligible areas and meet USDA income and property guidelines.

Jumbo 30 & 15 Year Fixed Loans

When a conventional loan isn't enough and goes above what is commonly known as conforming limits, a jumbo loan is there to save the day for borrowers with large loan amounts. Bank of Utah offers Jumbo 30 and 15 year fixed loans for those needing to borrow more than the maximum amount allowed through the GSE's.

Home Equity Conversion Mortgages (HECM) / Reverse Mortgages

A HECM, sometimes called a Reverse Mortgage is specifically designed for those 62+ years in age and allows borrowers to access a portion of their home's equity without monthly principal and interest payments.

The HECM is available as either an adjustable- or fixed-rate loan. The adjustable rate can adjust monthly or annually based on the Constant Maturity Treasury (CMT) index. The Fixed-rate HECM maintains the same interest rate over the life of the loan.

Construction Loans

Our construction loans offer excellent rates, low fees, and unprecedented convenience on financing from starter to custom homes on an improved building lot. Our construction loans are locally serviced and are not brokered out to other lenders.

Construction loans offer the following features:

- Fast pre-approval for a permanent loan
- Payments made from an interest reserve account during the construction period
- Customized rates and terms
- Ability to lock your long-term interest rate at any time after the loan closing
- Convenient in-house draws
- Interest charged only on the withdrawn portion of the loan

Lot Loans

Have you found the right lot, but aren't ready to build or have not yet selected a builder? Lot loans provide a unique avenue to own a property with flexible terms.

Lot loans at Bank of Utah are designed for improved building lots and are great options for customers who intend to build their primary residence on the lot within the term of the loan.

Once the lot is secured, take advantage of Bank of Utah's expertise in construction loans to take the next step in building your dream home.

Home Equity Lines of Credit

A home equity line of credit (HELOC), sometimes referred to as a second mortgage, is an equity loan that allows a borrower access to equity in their home. A HELOC is a revolving line of credit that can be used as much or as little as needed; borrow money, pay it back and borrow again without any renewals or additional paperwork during the draw period.

A home equity line of Credit (HELOC) gives you easy access to the equity in your home for a variety of reasons:

- Debt consolidation
- Home improvement
- Vacations

We offer a 10-year draw period with a 10-year repay period. A HELOC provides a flexible way to borrow with no annual fee.

Long Term Portfolio Loans

The Bank's own 7/1 and 10/1 ARMs offer flexible and a more affordable option for borrowers planning to move or refinance before the fixed period ends. These ARMs are attractive with their lower initial payments.

The 30/15 balloon loans, available for second homes and investment properties, have a 30-year amortization with a balloon payment after 15 years, aiding investors and second homeowners in maximizing cash flow and returns.

Commercial Loans

A commercial loan may be a smart way to finance a variety of legitimate business expenses. Our experienced Loan Officers will take the time to get to know you and your business. All loan decisions and servicing are performed locally, which means faster decisions to meet your business needs.

Bank of Utah's commercial loan products can help you:

- Purchase and improve commercial real estate
- Purchase equipment and other capital assets
- Finance working capital needs
- Improve your business location
- Consolidate existing business loans
- Purchase a business
- Issue commercial, performance and stand-by letters of credit
- Assist with foreign currency transactions

Small Business Loans

As an SBA Lender, Bank of Utah works with the SBA to help small business obtain specialized financing. If you own, are purchasing or starting a small business, you may qualify for an SBA loan. Bank of Utah utilizes SBA 7(a), SBA 504, and USDA loan programs.

Lines of Credit

Use a Commercial Line of Credit to:

- Support accounts receivable
- Replenish inventory
- Purchase new equipment
- Pay bills

Construction and Development Loans

We offer a full range of acquisition and development loans, construction loans, bridge loans, and permanent loans customized to meet your needs. Construction Loans are structured to fit the particular transaction, with terms covering the project from pre-development through completion. Permanent loans can be created with short-term and long-term options.

Real estate projects that can be financed include:

- Subdivisions
- Lot purchases
- Owner-occupied or Investor-owned commercial real estate
- Special purpose properties

Personal Trust Services

Bank of Utah offers fiduciary and investment management services that are custom tailored to meet the unique needs of its clients and we offer all of the standard trust and investment services for:

- Revocable Living Trusts
- Irrevocable Trusts
- Asset Protection Trusts
- Charitable Foundation Trusts
- Special Needs Trusts
- Custody Accounts
- Estates
- Conservatorships
- Self-Directed IRA Accounts
- Investment Management Agency Accounts

Clients use an attorney to prepare and provide legal advice regarding set-up of their trust, financial or their estate planning documents. We assist clients to identify an attorney who specializes in estate planning and is best suited to our client's specific needs. Because our trusts are managed locally, we have established strong working relationships with qualified local legal professionals.

Acting as a Corporate Trustee

A Corporate Trustee is a company (such as the Bank of Utah) that specializes in the management of trusts and other fiduciary roles. Our trained staff of professionals manages the trust assets according to the instructions your client provides in their trust agreement, handles all required paperwork, maintains accurate records, distributes income and principal from the trust in accordance with the terms of the trust agreement, and when the trust is dissolved, distributes the assets to beneficiaries.

Bank of Utah's Private Banking program is an exclusive Bank program for qualified individuals.

Individuals and families pursue financial independence at every stage of life. Business owners and principal executives balance business growth and personal growth.

As a community bank, we offer highly personalized service.

A private banker is available to help with:

- Personal and business account management
- Credit options
- Lending solutions
- Retirement and estate planning, including investment, trust and fiduciary services
- Business succession planning

Private Banking offers a dedicated private banker for a more personal financial service experience. Features and benefits are:

Partner With Your Private Banker

A dedicated advocate and advisor, he or she will offer the highest level of service always, from your smallest transaction to your largest financial goal.

Multiple Perspectives

A team of experts, including wealth advisors, mortgage loan officers and business bankers, will work with your private banker to help you plan your future.

Access Your Funds More Easily

Your private bank accounts come with higher transaction limits at the ATM, and also on debit card purchases and mobile check deposits (\$50,000 mobile deposit limit).

Additional Benefits are:

- Rate increases on all your personal accounts, including Certificates of Deposit (CDs)
- Lower rates on lending solutions, including personal loans or lines of credit, mortgages and investments made through our Wealth Management Group
- Additional discounts and fee waivers based on total banking relationship
- A single log-in that gives you access to our robust online banking tools for your personal and business accounts, and loans
- Business cash management products and services that we can assist with, along with your personal account management
- The ability to make wire transfers via the phone or email versus visiting a branch
- Free Private Banking-branded spending tools, such as checks, debit cards and credit cards
- Discounted safety deposit boxes of all sizes

We offer a range of specialized corporate trust services with the Bank's signature focus, flexibility and personal service. Bank of Utah has extensive experience offering trust services for aircraft related needs, including debt and equity trust services. We also have experience managing a variety of other assets, including rail, vessels, real estate, general equipment, project finance, life settlement and other large-ticket structured finance.

We specialize in the following services:

- Owner Trust
- Indenture Trust
- Security Trust
- Facility Agent
- Voting Trust
- Collateral Agent
- Paying and Fiscal Agent
- Custodian and Escrow Agent
- Securities Intermediary
- Acting as a fiduciary for both equity and debt

We offer a range of corporate foreign exchange services. Our group within Bank of Utah has extensive experience providing corporate foreign exchange risk management services to domestic and multinational customers with transactions with payables or receivables denominated in foreign currency.

We specialize in the following services:

- Foreign Currency Forward Contracts
- Foreign Currency Swap Contracts
- Foreign Banknotes

Business Account Fee Schedule

Business Account Fee Schedule

Free Business checking*

No Min Balance Required	X
No Monthly Maintenance fee	X
Minimum Opening Deposit	\$100
Online Cash Manager	X
Transaction Fees	Up to 300 FREE After 300 a \$.050 fee per transaction applies

**Sweep Accounts not available with Free Business Checking*

Analyzed Business Checking Activity Charges - (fees may be offset by earnings credit)

Maintenance fee	\$8.00 per month
Minimum opening deposit	\$500
Detailed account analysis statements	X
Itemized service fees	X
Online cash manager	X
Items paid on account	\$0.15 each
Credit items posted	\$0.25 each
Items Deposited	\$0.05 on B of U checks; \$0.06 clearing; \$0.09 remote
Deposit admin fee	fee will be a percentage of the average monthly balance (ledger balance) and is subject to change at anytime
Currency	\$0.08 per thousand
Coin	\$0.06 per roll
Interest on Negative collected balance	The average of the Wall Street Journal prime rate for the month plus 2%

Analyzed Business Checking Fee Schedule - the earnings credit computation is derived in the following manner:

The daily average balance less uncollected funds equals daily average collected funds
The daily average collected funds less ten percent reserve equals daily average investable balance
The daily average investable balance multiplied by the earnings credit allowance and divided by 365, then multiplied by the number of days in the billing cycle, equals the earning credit
The earning credit obtained each month offsets the monthly activity charges
The tiered earnings credit allowance is calculated based on the average of the 13-week Treasury Bill auctions conducted during the concurrent month. Tier levels are as follows: 0 - 19,999.00; 20,000 - 99,999; 100,000+

Business Advantage Checking - (Available to Sole Proprietor business only)

No Monthly Maintenance or Activity Fees	X

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

PERFORMANCE LEVELS	PERFORMANCE TESTS		
	Lending Test*	Investment Test	Service Test
Outstanding			
High Satisfactory	X	X	X
Low Satisfactory			
Needs to Improve			
Substantial Noncompliance			
* The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.			

The Lending Test is rated **High Satisfactory.**

- Lending levels reflect good responsiveness to assessment area (AA) credit needs.
- A high percentage of loans are made in the institution's AAs.
- The geographic distribution of loans reflects good penetration throughout the AA.
- The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration among retail customers of different income levels and business customers of different revenue sizes.
- The institution exhibits a good record of serving the credit needs of the most economically disadvantaged areas of its AAs, low-income individuals, and/or very small businesses, consistent with safe and sound banking practices.
- The institution uses innovative and/or flexible-lending practices in order to serve AA credit needs.

- The institution is a leader in making community development (CD) loans.

The Investment Test is rated High Satisfactory

- The institution has a significant level of qualified CD investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors.
- The bank's qualified investments exhibit good responsiveness to credit and CD needs.
- The institution occasionally uses innovative and/or complex investments to support CD initiatives.

The Service Test is rated High Satisfactory.

- Delivery systems are accessible to essentially all portions of the institution's AAs.
- To the extent changes have been made, the institutions opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income (LMI) geographies and to LMI individuals.
- Services, including business hours, do not vary in a way that inconveniences certain portions of the AA, particularly LMI geographies and/or individuals.
- The institution provides a relatively high level of CD services.

DESCRIPTION OF INSTITUTION

Bank of Utah (BOU) is a full-service community bank headquartered in Ogden, Utah. In April 2021, the bank changed its charter from a state member bank, regulated by the Federal Reserve, to a state non-member bank, regulated by the Federal Deposit Insurance Corporation (FDIC). BOU was founded over 70 years ago and is wholly-owned subsidiary of BOU Bancorp, which is also headquartered in Ogden, Utah. The bank has one inactive subsidiary that exists for the sole purpose of holding foreclosed real estate. BOU received an Outstanding Rating at the prior January 19, 2021, CRA Performance Evaluation conducted by the Federal Reserve Bank of San Francisco. BOU has not participated in any merger or acquisition activity since the prior evaluation.

BOU operates 18 full-service offices throughout the State of Utah, with a majority of the branches located in the northern Utah Counties of Salt Lake, Davis, Weber, Box Elder and Cache. On August 23, 2021, BOU opened one new full-service branch in St. George, Utah and no branch closings have occurred since the prior evaluation. While the bank remains primarily focused on commercial lending, BOU also offers a variety of mortgage products to include construction, residential mortgage, home equity lines of credit, and multi-family loans. The bank also originates a limited amount of agriculture, farm and consumer loans.

The bank operates three mortgage loan production offices (MLPO) in Price, St. George and Logan. The bank sells a majority of its home mortgage loans originated to various investors and agencies in the secondary market. During 2021, the bank sold 1,232 mortgages totaling \$378.0 million; and in 2022, it sold 1,863 mortgages for \$236.0 million. The bank operates a wealth management and corporate trust office in Weber and Salt Lake Counties, respectively. The Trust Division manages approximately \$694.0 million in trust assets. Bank of Utah is a Preferred Small Business Administration (SBA) Lender and is active in providing SBA 7a and 504 loans for customer financing needs. The following table depicts the AA's distribution of loans, deposits and branches.

Assessment Area Breakdown of Loans, Deposits, and Branches						
Assessment Area	Loans		Deposits		Branches	
	\$(000s)	%	\$(000s)	%	#	%
Salt Lake City-Provo-Orem CSA AA	368,928	74.7	1,740,363	92.1	15	83.3
Logan MSA AA	104,008	21.1	137,019	7.2	2	11.1
St. George MSA AA	20,629	4.2	13,276	0.7	1	5.6
Total	493,565	100.0	1,890,658	100.0	18	100.0

Source: Bank Data; FDIC Summary of Deposits (6/30/2022)

The bank's traditional retail delivery services include automated teller machines (ATMs), drive-up ATM banking, mobile and internet banking, remote deposit capture, and courier services. BOU provides a variety of deposit products for commercial and consumer customers including checking, savings, money market, certificates of deposit and individual retirement accounts. During 2022, the bank introduced a new account opening tool by enabling customers to open joint accounts online.

BOU has approximately 400 employees. The March 31, 2023 Consolidated Reports of Condition and Income (Call Report) reflect \$2.5 billion in total assets, \$1.8 billion in total loans, \$2.0 billion in total deposits and \$379.8 million in total securities. The following table depicts the institution's loan portfolio distribution:

Loan Portfolio Distribution as of March 31, 2023		
Loan Category	\$(000s)	%
Construction and Land Development	362,090	19.6
Secured by Farmland	6,457	0.3
Secured by 1-4 Family Residential Properties	188,109	10.2
Secured by Multifamily (5 or more) Residential Properties	32,390	1.8
Secured by Nonfarm Nonresidential Properties	666,666	36.1
Total Real Estate Loans	1,255,712	68.0
Commercial and Industrial Loans	126,465	6.8
Agricultural Loans	2,769	0.1
Consumer Loans	7,673	0.4
Other Loans	457,377	24.8
Less: Unearned Income	(2,850)	(0.1)
Total Loans	1,847,146	100.0
<i>Source: 3/31/2023 Call Report</i>		

Examiners did not identify any financial, legal, or other impediments that affect the bank's ability to meet the AAs' credit and CD needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more AAs within which examiners will evaluate its CRA performance. BOU designated three AAs, which include portions of the Salt Lake-Provo-Orem UT Combined Statistical Area (CSA), portions of the Logan Metropolitan Statistical Area (MSA), and the St. George MSA. The following table illustrates the counties, census tracts (CTs), and branches located in each AA.

Description of the AAs				
Assessment Areas		Counties in Assessment Area	# of Census Tracts	# of Branches
Salt Lake City-Provo-Orem CSA	Salt Lake City MSA	Salt Lake	212	3
	Ogden-Clearfield MSA	Box Elder, Weber, Davis	115	8
	Provo-Orem MSA	Utah	128	3
	Non-MSA	Wasatch	4	1
Logan MSA	Logan MSA	Cache	26	2
St. George MSA	St. George MSA	Washington	21	1
Total	2 Assessment Areas	8 Counties	506	18
<i>Source: American Community Survey (ACS) 2015 Data and Bank Records</i>				

- **Salt Lake-Provo-Orem UT CSA (#482) AA** - This AA includes Salt Lake, Box Elder, Weber, Davis, Utah, and Wasatch Counties. The counties are contiguous and makeup portions of the Ogden-Clearfield MSA #36260; the Salt Lake City MSA #41620; the Heber Micropolitan Statistical Area #25720 and the Provo-Orem MSA #39340. Examiners analyzed each county within this AA separately, but they are combined in this evaluation, as no significant differences were observed in the overall analyses.
- **Logan MSA (#30860) AA** - This AA includes Cache County, which is one of two counties that comprise the Logan MSA.
- **St. George MSA (#41100) AA** - This new AA is comprised of Washington County, which is the only county located in the St. George MSA.

The bank's AAs consist entirely of whole geographies, do not arbitrarily exclude any LMI CTs, and meet the technical requirements of Part 345 of the FDIC's Rules and Regulations. There have been no changes to BOU's AAs since the previous evaluation, with the exception of the addition of the new St. George AA with the opening of the branch in Washington County. Refer to the rated areas and individual AAs for additional information.

SCOPE OF EVALUATION

General Information

Examiners used the Interagency Large Institution Examination Procedures to evaluate BOU's CRA performance. This evaluation covers the period from the prior evaluation, dated January 20, 2021 to the current evaluation dated April 25, 2023.

A full-scope review was conducted for both the Salt Lake City-Provo-Orem CSA AA and the Logan MSA AA. Based on the volume of loans, deposits, and branches, the Salt Lake City-Provo-Orem CSA AA carried the greatest weight in determining the overall CRA Rating. The Logan AA was reviewed as a full-scope area as it was reviewed as a limited-scope area at the prior evaluation. A limited-scope review was conducted for the St. George MSA AA since the bank opened a new branch in Washington County during the review period that resulted in a new AA; however, the AA has a limited amount of loan and deposit activity. Based on the same factors, performance in the St. George MSA AA contributes the least amount of weight to the institution's overall rating. Refer to the individual sections for additional details.

Activities Reviewed

Examiners determined that the institution's major product lines include home mortgages reported pursuant to the Home Mortgage Disclosure Act (HMDA) and small business loans reported pursuant to the CRA. This conclusion considers the institution's business strategy, loan composition, and the number and dollar volume of loans originated during the evaluation period. BOU's origination of small farm loans and consumer loans were too few to conduct a meaningful analysis. Therefore, small farm and consumer loans are excluded from review.

For the Lending Test, examiners reviewed the universe of reported HMDA and small business loans originated and purchased in calendar years 2021 and 2022. During those 2 years, BOU originated 2,085 HMDA loans totaling approximately \$825.4 million, and 833 small business loans totaling approximately \$119.1 million. Based on the bank's business strategy, defined credit needs within the community, and the bank's lending performance by number and dollar volume, as well as the larger volume of HMDA lending by number and dollar, examiners placed greater weight on the institution's home mortgage lending followed by small business. Additionally, while lending by both number and dollar volume of loans were analyzed, performance by number of loans carries more weight, as it provides a better representation of the number of individuals and businesses served.

Examiners comparison of lending data and performance for 2021 and 2022 did not identify a significant difference in performance; therefore, this evaluation only presents the bank's 2021 lending data. Examiners used the 2015 ACS and 2021 HMDA aggregate data as comparisons for the institutions lending performance for home mortgage loans. Examiners used the 2021 D&B demographic and CRA aggregate data as comparisons for the institutions small business lending performance. During 2021, the number of small business loans increased due to the SBA Payment Protection Program (PPP) loans, which were the result of the COVID-19 pandemic.

The evaluation of CD loans, investments, and services includes all qualified activities since the date of the previous CRA Evaluation dated January 20, 2021 through April 25, 2023. Examiners evaluated BOU's CD loans, investments, and service activities quantitatively based on the institution's financial capacity, as well as qualitatively based on the impact of those activities in BOU's AAs. For the Service Test, examiners reviewed delivery systems for providing retail-banking services, including branches and alternative delivery systems, and the impact of any branch openings/closing during the evaluation period. Additionally, examiners reviewed retail banking products and services targeted toward LMI individuals, or small businesses.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

BOU is rated High Satisfactory for the Lending Test. The institution's performance is consistent in the Salt Lake City-Provo-Orem CSA and Logan MSA AAs. Performance in the St. George MSA AA is inconsistent with the overall performance conclusion due to the time the branch has been open and its limited loan and deposit activity.

Lending Activity

BOU's lending activity reflects good responsiveness to the AA's credit needs. This conclusion is supported by consistent performance in the Salt Lake City-Provo-Orem CSA and Logan MSA AAs. Performance in the St. George MSA AA is inconsistent with the overall performance conclusion. Overall, the bank's home mortgage and small business lending volume decreased on an annualized basis compared to the previous examination. Refer to each respective analysis for details.

Assessment Area Concentration

BOU made a high percentage of loans in the institutions AAs. This conclusion is based on a majority of HMDA and small business loans by both number and dollar volume made in the AAs. Refer to the following table.

Lending Inside and Outside of the Assessment Area										
Loan Category	Number of Loans				Total #	Dollar Amount of Loans \$(000s)				Total \$(000s)
	Inside		Outside			Inside		Outside		
	#	%	#	%		\$	%	\$	%	
Home Mortgage										
2021	1,081	77.0	322	23.0	1,403	416,895	80.7	99,550	19.3	516,445
2022	509	74.6	173	25.4	682	228,585	74.0	80,355	26.0	308,940
Subtotal	1,590	76.3	495	23.7	2,085	645,480	78.2	179,905	21.8	825,385
Small Business										
2021	656	92.7	52	7.3	708	76,670	88.2	10,225	11.8	86,895

Total	2,365	81.0	553	19.0	2,918	749,816	79.4	194,685	20.6	944,501
Source: Bank Data Due to rounding, totals may not equal 100.0%										

Geographic Distribution

BOU's geographic distribution of loans reflects good penetration throughout its AAs. Performance in the Logan MSA and the St. George MSA AAs are not consistent with the Salt Lake City-Provo-Orem CSA AA. Refer to each respective analysis for details.

Borrower Profile

BOU's distribution of borrowers reflects adequate penetration among retail customers of different income levels and business of different revenue sizes. Performance was consistent in the Salt Lake City-Provo-Orem CSA and the Logan MSA AAs; however, performance was inconsistent in the St. George MSA AA. Refer to each respective analysis for details.

Innovative or Flexible Lending Practices

BOU uses innovative or flexible lending practices in order to serve the AA's credit needs. The institution continues to offer loan products and programs that serve the needs of LMI borrowers, small businesses and address CD needs in the AAs. BOU originated 962 innovative or flexible loans totaling \$207.1 million during the review period. While BOU is not a market leader in innovative or flexible lending practices, BOU offered programs that have benefited the communities they serve. For example, in response to the COVID-19 pandemic the institution originated a significant level of SBA PPP loans to help businesses keep the workforce employed during the pandemic. The following table demonstrates the institution's innovative and flexible lending activity.

Innovative or Flexible Lending Programs								
Type of Program	2021		2022		2023		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
SBA 504	9	17,178	10	20,884	0	0	19	38,062

Totals	802	132,046	131	62,695	29	12,323	962	207,064
<i>Source: Bank Data</i>								

- SBA 504 - designed to provide financing for the purchase of fixed assets that promote business growth and job creation, which usually means real estate, building and machinery, at below market rates.
- SBA 7A – a small business loan issued by a private lender and partially backed by the SBA, which is the most common type of SBA loan. They are an ideal option for business financing due to their long repayment terms and low interest rates. SBA 7(a) loans can be used for a variety of purposes, including working capital, business expansions or purchasing equipment and supplies.

- PPP – PPP SBA backed loan that was established by the U.S. government to help businesses keep their workforce employed and to pay interest on mortgages, rent, and utilities during the COVID-19 pandemic.
- FHA - issued by private lenders, but backed by the federal government. This allows lenders to offer more favorable loan terms to first-time and LMI homebuyers. The FHA insures mortgage loans issued by private lenders, which protects against losses if the borrower defaults on the mortgage.
- VA – a VA loan is a mortgage loan available through a program established by the U.S. Department of Veterans Affairs. With a VA loan, veterans, service members and their surviving spouses can purchase homes with little to no down payment, no private mortgage insurance, and they generally get a competitive interest rate.
- Utah Housing First Home – is a loan geared toward homebuyers with a credit score of 660 or higher, who are first-time homebuyers and purchasing a single-unit residence. This program typically has a lower purchase price, income limit, and lower interest rate.
- Utah Housing Home Again – this loan is geared toward homebuyers with a credit score of 620 or higher who have previously owned a home or are first-time homebuyers and purchasing a 1-2 unit residence.
- UHC Score Loan – “Score” mortgage program is for homebuyers with a credit score of 620 or higher. This mortgage offers homebuyers who have recovered from previous credit challenges a loan that can assist them with the purchase of their home. This program has a purchase price limit and annual income limits based on qualifying income.
- USDA – is a mortgage either made or guaranteed by the USDA’s Rural Housing Service agency to help LMI households purchase safe and affordable homes in rural areas.

Community Development Loans

BOU is a leader in making CD loans during the review period. Performance in the Salt Lake City-Provo-Orem CSA AA is consistent with this conclusion; however, the Logan MSA and the St. George MSA AAs are not consistent.

During the evaluation period, BOU originated 52 CD loans in the bank-wide AAs, including broader regional and/or statewide areas, totaling approximately \$361.7 million. BOU’s CD lending activity consisted of 21 CD loans totaling approximately \$142.3 million in 2021, 26 CD loans totaling approximately \$165.3 million in 2022, and 5 CD loans totaling approximately \$54.1 million originated year-to-date (YTD) 2023. The total CD lending represents 16.2 percent of average total assets and 23.0 percent of average total loans. Bank performance increased significantly by dollar volume since the previous evaluation, when BOU originated 72 loans for \$269.0 million and represented 18.9 percent of average total assets and 25.4 percent of average total loans.

As a percentage of total assets and total average loans, the ratios went down. However, BOU CD lending performance remains at an outstanding level in consideration of the dollar volume increasing over the prior period, as well as this evaluation period is 14 months shorter than the prior evaluation period. Additionally, BOU's CD lending by dollar volume is higher than similarly situated institutions.

While BOU originated CD loans in all areas, CD loans are primarily focused on revitalization or stabilization needs. BOU made a significant level of large infrastructure direct placement loans to municipalities that provided a solid impact to meet essential needs of the communities the bank serves, particularly those in growing and rural areas. Because of these efforts, the overall total dollar volume of CD lending surpassed the volume noted at the prior evaluation.

The following table illustrates BOUs CD lending over the review period by AA and type of CD activity.

Community Development Lending by Assessment Area										
Assessment Area	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
Salt Lake City-Provo-Orem CSA AA	7	25,545	4	37,570	13	29,227	21	231,146	45	323,488
Logan MSA AA	0	0	0	0	0	0	1	1,700	1	1,700
St. George MSA AA	0	0	0	0	0	0	0	0	0	0
Regional/Statewide Activities	1	3,250	0	0	2	8,222	3	25,021	6	36,493
Total	8	28,795	4	37,570	15	37,449	25	257,867	52	361,681
<i>Source: Bank Records</i>										

As BOU met the CD lending needs within the AAs, regional activities also contributed to CD loan totals. Nationwide lending activity was not considered given the bank does not have a nationwide footprint. The following are notable examples of CD lending efforts at the statewide level:

- BOU originated a \$4.0 million dollar infrastructure loan to provide roads and road improvements to the City of Morgan in Morgan County. Repayment of the loan will be from the County's municipal bond fund.
- BOU originated a \$10.0 million dollar loan to a transit district to support the mass transit and micro transit for individuals throughout Summit County, which is considered a rural area. Various bus routes provide mass transit and micro transit is similar to "Uber" where individuals can be picked up at their home in a minivan and taken to any location within Summit County. All of these services are provided free of charge.
- BOU originated an \$11.0 million dollar loan to facilitate the expansion of the high school in rural Wayne County. The expansion will include technology enhancements for the installation of high-speed fiber-optic cable that will also service Wayne County residents.

INVESTMENT TEST

The Investment Test is rated High Satisfactory. The institution's overall performance in the Salt Lake City-Provo-Orem CSA AA, Logan MSA AA, and St. George MSA AA is consistent with the overall conclusion.

Investment and Grant Activity

BOU has a significant level of qualified CD investments, grants and donations, occasionally in a leadership position, particularly those that are not routinely provided by private investors. BOU made 149 investments, grants and donations totaling approximately \$27.5 million. This represents a significant increase by total dollar volume, which was approximately \$7.4 million at the prior examination. Qualified CD investments include the following: \$182,171 from the prior period, \$18.0 million in 2021, \$3.2 million in 2022, and \$5.9 million in 2023. Qualified grants and donations totaled \$201,103 throughout the review period. Total qualified CD investments, grants and donations represents 1.2 percent of average total assets and 9.0 percent of average total securities since the previous evaluation. This performance represents an increase from the previous evaluation where qualified investments represents 0.5 percent of average total assets and 5.6 percent of average total securities. BOU's level of investments and grant activity slightly outperforms similarly situated institutions.

The majority of qualified investments, grants and donations benefited affordable housing totaling \$27.3 million followed by community services for \$189,000. The following table details qualified investments, grants and donations by AA and CD activity type.

Community Development Investments/Donations by Assessment Area										
Assessment Area	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
Salt Lake City-Provo-Orem CSA AA	26	18,554	0	0	0	0	0	0	26	18,554
Logan MSA AA	1	4,612	0	0	0	0	0	0	1	4,612

Total	40	27,350	109	189	0	0	0	0	149	27,539
<i>Source: Bank Data</i>										

The following are notable examples of CD investments, grants and donation efforts at the broader regional or statewide level:

- BOU participated with the Utah Housing Corporation (UHC) and invested \$1.0 million in a low-income housing tax credits (LIHTCs) issued through the CROWN (CRedit-to-OWN). CROWN is a rental program for tenants who can purchase their home after a 15-year rental

period. The affordable homes are financed with LIHTCs. CROWN allows renters who become homeowners to accumulate equity in the home with their monthly rent payments. To be eligible to participate in CROWN, the potential homeowner's gross annual income needs to be less than 60 percent of average median income (AMI) based on household size. This investment is comprised of four properties located in Sevier and Millard County, UT.

- BOU participated with the UHC and invested \$483,801 million in a LIHTC issued through the CROWN program. This investment is comprised of five single-family homes in Beaver, UT.
- BOU participated with the UHC and invested \$182,047 in a LIHTC issued through the CROWN program. This investment is comprised of six single-family homes in Kanab, Utah.

Responsiveness to Credit and Community Development Needs

The institution exhibits good responsiveness to credit and CD needs. The majority of BOU's new investment activity benefitted affordable housing in the AAs, which is an identified need by the bank and community contacts in all AAs.

Community Development Initiatives

BOU occasionally uses innovative and complex investments to support CD. The institution uses a variety of investments to serve its AAs. Notable examples include:

- BOU invested in the Community Capital Management Community Impact Bond Fund, which primarily provided affordable housing for LMI individuals in the AA during the review period.
- BOU invested in several LIHTCs that provided affordable housing throughout the AA during the review period.

SERVICE TEST

Service Test is rated High Satisfactory. The institution's performance in the Salt Lake City-Provo-Orem CSA AA is consistent with this conclusion and inconsistent with the performance in the Logan MSA AA and the St. George MSA AA.

Accessibility of Delivery Systems

The bank's delivery systems are accessible to essentially all portions of the institution's AAs. BOU operates 5 branches within LMI CTs, representing 27.8 percent of the bank's branch network. The bank offers online banking and bill pay, 24-hour telephone banking and mobile banking, which includes mobile deposit capabilities. Customers have flexibility in accessing funds through ATMs, as the bank does not charge fees on non-proprietary ATMs.

Branch and ATM Distribution by Geography Income Level								
Tract Income Level	Census Tracts		Population		Branches		ATMs	
	#	%	#	%	#	%	#	%
Low	24	4.7	92,625	3.7	1	5.6	1	5.6

Total	506	100	2,536,316	100	18	100	18	100
Source: 2015 ACS & Bank Data Due to rounding, totals may not equal 100.0%								

BOU offers various alternative delivery services for customers to access banking products and services. The following describes the alternative delivery systems:

- Bank-owned ATMs – ATMs are located at each of the bank’s 18 branches. All ATMs are deposit taking. BOU customers are also able to access surcharge-free ATMs nationwide that are part of the Money Pass network.
- Online banking – BOU maintains an online presence that provides customers access to account management. Bank customers may access accounts online for access to account statements, account balances, as well as making online transfers and bill pay. Additionally, deposit and loan account applications are available online.
- Mobile banking – BOU customers have access to deposit and loan accounts through mobile banking applications. Customers may perform functions including transfer of funds in accounts, and pay bills.
- Remote deposit capture – This service is available to provide businesses with the ability to make deposits from any location and at any time. This service provides the convenience to businesses and eliminates the need to travel distances to the bank, improves the business cash flow and availability of access to account funds.
- Telephone Banking – BOU offers 24-hour customer access via a toll-free number to obtain information on checking accounts, savings accounts, loans, and to transfer funds between existing accounts.
- Mortgage Loan Production Offices – The bank has three MLPO’s located in Price, Logan and St. George. The Price and Logan offices are located in a LMI CTs. Loan originators located at the MLPO’s provide services dedicated to the origination of home loans. The St. George MLPO has six loan originators, the Price MLPO has three loan originators, and the Logan MLPO has two loan originators.

Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches has not adversely impacted the accessibility of its delivery systems, particularly in LMI geographies and/or to LMI individuals. The dispersion of branches changed in one AA since the previous evaluation, with the opening of a new branch in St. George, which is located in a middle-income CT. This branch is within close proximity to a moderate-income CT.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences certain portions of the AAs, particularly LMI geographies and/or individuals. All branches are open from 9:00 a.m. - 5:30 p.m.; drive-up window hours are also available during the same timeframe. The City Creek and St. George offices do not offer drive-up services. Branches are not open on Saturdays. All branches offer the bank's full array of business and consumer deposit and lending products. Refer to the Description of Institution for further detail.

Community Development Services

BOU provides a relatively high level of CD services in its AAs; refer to the table below. A majority of the service hours during this evaluation occurred during 2022, as follows: 501 hours of service were provided in 2021, 661 hours of service were provided in 2022, and 108 service hours were provided in YTD 2023. The majority of service hours were attributed to the Salt Lake City-Provo-Orem CSA AA, where BOU employees provided a relatively high level of service hours to approximately 30 different qualified CD organizations. Overall, service hours at the previous evaluation of 1,905 were higher than the current evaluation's service hours of 1,270. However, when taking the monthly average for the service hours and adjusting them for the same number of months in each review period (41 months at the prior evaluation versus 27 months at the current evaluation); the additional 14 months of service hours show that the bank's hours slightly exceed the number of service hours provided at the prior evaluation. The following table details the bank's CD services hours by AA and by purpose.

Community Development Services by Assessment Area					
Assessment Area	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	# of Hours	# of Hours	# of Hours	# of Hours	# of Hours
Salt Lake CSA AA	139	1,037	90	0	1,266
Logan MSA AA	0	0	0	0	0
St. George MSA AA	0	4	0	0	4
Total	139	1,041	90	0	1,270
<i>Source: Bank Records from 1/19/2021 - 4/17/2023</i>					

The majority of service hours supported community service initiatives, which is an identified CD need in most of the AAs and further demonstrate BOU's responsiveness during the review period.

Please refer to each respective analysis for additional information and notable examples of CD service activities that benefit those AAs.

Notable CD services provided during the evaluation period that benefited the bank-wide AAs include:

- During 2022, BOU's deposit team earned a BankOn certification. BankOn, which is led by a national nonprofit organization, ensures that new account depositors have access to affordable transactional banking accounts.

During 2023, the bank will begin offering a new BankOn certified Thrive Account to assist families and individuals that will provide easy access to this affordable bank transaction account. The BankOn account types are targeted to benefit LMI community members and new account holders.

- During the review period, BOU employees volunteered and provided service hours and teamed up with a community service nonprofit organization that services bank-wide AAs. Bank employees volunteered a weekend to bring the Title 1 certified school lunch program (certified as greater than 50 percent student body or greater free lunch program) to various elementary school districts by stocking food for the school lunch programs.

Once a month, BOU volunteers visit Title 1 schools, pass out nutritious non-perishable meals, and fresh produce in lunch bags directly to the eligible student body. The lunch bags also included a take home financial literacy worksheet for their families.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

SALT LAKE CITY-PROVO-OREM CSA AA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN THE SALT LAKE CITY-PROVO-OREM CSA AA

The Salt Lake City-Provo-Orem CSA AA is comprised of six contiguous counties, which represent a portion of the Salt Lake City-Provo-Orem CSA #482 located in Northern Utah as designated by the Office of Management and Budget. They are Salt Lake, Box Elder, Weber, Davis, Utah, and Wasatch Counties. There have been no material changes to the AA during the evaluation period.

Economic and Demographic Data

According to the 2015 ACS data, the Salt Lake City-Provo-Orem CSA AA contains 459 CTs: 22 low-, 98 moderate-, 196 middle-, 139 upper-income, and 4 CTs with no income designation. The following table shows the select demographic, housing, and business data for the AA.

Demographic Information of the Assessment Area						
Assessment Area: Salt Lake City-Provo-Orem CSA AA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #

In August 2021, Utah County experienced environmental disasters that caused a disruption to the AA. Federal Emergency Management Agency (FEMA) declared a fire disaster (FM-5408-UT) and a fire management Assistance Declaration was issued.

During April 2020, FEMA approved an additional \$10.1 million to the Utah Department of Health for the COVID-19 response to the major disaster declaration issued. FEMA provided more than \$314.0 million for the Utah COVID-19 response in Utah. The assistance was made available under a major disaster declaration issued April 4, 2020.

The Bureau of Labor Statistics (BLS) provides data on changes in unemployment rates. Unemployment rates in Utah and the United States have decreased from 2021 to 2022. According to the BLS, as of November 2022, the State of Utah's unemployment rate was the lowest in the nation standing at 2.2 percent, with a national overall unemployment rate of 3.4 percent during the same period. Following the COVID-19 pandemic, the State of Utah unemployment rate was significantly below the national average. The following table illustrates the unemployment rates for the counties in the Salt Lake City CSA AA and for the U.S. national rate for 2021.

County	Assessment Area	Unemployment Rates 2021
Box Elder County	Salt Lake City-Provo Orem CSA	2.5%
Weber County	Salt Lake City-Provo Orem CSA	2.9%
Davis County	Salt Lake City-Provo Orem CSA	2.0%
Salt Lake County	Salt Lake City-Provo Orem CSA	2.8%
Utah County	Salt Lake City-Provo Orem CSA	2.4%
Wasatch County	Salt Lake City-Provo Orem CSA	2.9%

Source:FFIEC.gov MFI Adjusted Income

Salt Lake County

According to Moody's Analytics, as of November 2022, the Salt Lake County economy is slowing. As of this report, the unemployment rate hovers at 2.1 percent. Compared to the labor force two years ago, the labor market concluded this year with stagnant growth. However, the leisure/hospitality and construction sectors have added jobs. While the area has numerous large banks such as Goldman Sachs, Wells Fargo, large tech companies and privately held start-ups with valuations greater than \$1.0 billion, the rise of interest rates and economic uncertainty has kept the financial sector from growing. Technology sectors and start-ups are also encountering difficulty acquiring capital, coupled with volatile equity markets eroding away at venture capital funds. As a result, businesses also cut back on spending by ceasing hiring and layoffs. The residential real estate market has also reflected some cooling. For instance, the rise in higher mortgage rates curbed the housing prices for the first time in a decade. Experts indicated that the price gains over the past two years drove homes to be significantly overvalued. The correction continues to persist as mortgage rates remain elevated and demand falters. Population growth over the past year in the Salt Lake City MSA has reflected a positive trend. The area is attractive to young newcomers providing well-paying professional financial services, high quality of life, and lower costs.

Although the economy is slowing, the area is expected to outpace the state, region and nation. Strengths in the area include a high concentration of high wage jobs in the technology, knowledge based industries, and global growth is sustaining the demand for locally manufactured goods. The workforce is educated and skilled which appeals to venture capital and draws in more startups. Salt Lake is an attractive low-cost alternative destination for business compared to Silicon Valley. Weaknesses include relatively low office space availability. The top employers in the area include University of Utah, Intermountain Healthcare Inc., Walmart Inc., Zions Bancorp., and Delta Airlines.

Utah County

According to Moody's Analytics, Utah County's economy is taking a breather. The pace of net hiring in the last three month has slowly stopped and stands below national, regional and state averages. Construction and healthcare industries stand out, but they have been unable to offset weakness in professional business services and manufacturing, which are suffering the effects of high interest rates and economic uncertainty. An expanding labor force has contributed to a risk in the jobless rate, though the rate is still among the lowest in the nation. Tight labor markets and layoffs in high-wage industries have caused average hourly earnings to drop. Provo's tech services has contracted along the Wasatch front, although the industries employment is still above pre-COVID-19 levels. Venture capital has dried up as rising costs and interest rates, coupled with a volatility in equity markets, have made it difficult for startups to acquire capital. Utah Valley University (UVU) and Brigham Young University (BYU) will be pillars of stability and help to mitigate weakness in tech. The two universities are important sources of income, together employing more than 20,000 workers. Expansion plans call for the universities to double in size over the next two decades as the student population booms.

Although Utah County's overall economy is slowing as higher interest rates cool the high-tech expansion, the education sector is helping to mitigate the negative impact higher interest rates are having on the local economy. Top employers include BYU, UVU, Utah Valley Regional Medical Center, Vivint, and

Walmart, Inc.

Weber, Davis, and Box Elder Counties

According to the 2023 Utah Economic Report by the Utah Economic Council, the Weber, Davis and Box Elder economies are shifting into lower gear, after a surge in hiring in the third quarter. Job growth slipped below the national average. Healthcare and the outsize public sector are leading the way; job gains are being partially offset by declines in manufacturing and professional/business services. The unemployment rate has edged higher in recent months for the right reason, with labor force growth exceeding both the state and national averages. Meanwhile, the housing market is contracting due to higher mortgage rates. House prices declined in the third quarter while single-family housing starts fell to their lowest level since 2017.

Defense expansions in the federal defense and nondefense sectors will power above-average job growth in the coming year. The federal government are the main drivers of the MSA's employment and economy. Federal defense spending at Hill Air Force Base (AFB) has risen in recent years and has robust federal sector hiring. The benefits of increased defense spending will not fade any time soon. Hill AFB plays a key role in a critical defense initiative to upgrade the nation's nuclear arsenal, which will create hundreds of new public and private sector jobs in the years ahead. The proposed 2023 defense budget includes a 4.6 percent pay increase for military personnel, which will soften the blow from higher prices. Nondefense spending also supports stronger federal hiring in the medium term. Healthcare remains a leading contributor to job growth in the MSA. Top employers include Hill AFB, Department of Treasury, McKay-Dee Hospital and Weber State University.

Wasatch County

According to Utah.gov, Wasatch County has high employment with many in the community commuting to nearby Midway and Salt Lake City. Increased borrowing costs have slowed residential construction, non-residential construction increased year over year in 2021-2022, led by investment in amusement and recreation construction. County spending remained strong reflecting strength in the main county leisure and hospitality attraction. Wasatch County posted strong nonfarm job growth and unemployment numbers as there are not enough jobs in the city to account for the working population, resulting in a very tight labor market. The Federal Reserve continues to raise interest rates, which puts a damper on growth and inflation, and slows the economy. Construction jobs lead employment gains and support the continued rises in population. Leading County job sectors include finance, government and leisure/hospitality.

Competition

BOU operates in a highly competitive market for financial services and products. There are numerous financial institutions operating within the AA. As of March 2023, there were 13 national banks, 19 state banks, 7 out-of-state banks, 16 state industrial banks, 25 state federal credit unions, and 2 federal savings associations. As a result, BOU has a lot of competition for loans and investments. Competition for CD loans and investments are high and is driven by industrial banks and large nationally chartered banks.

According to the June 30, 2022 FDIC Deposit Market Share Report, 54 institutions operate 377 branches and share \$835.1 billion in deposits within the AA. The five largest institutions in the market include the following: Morgan Stanley Bank, N.A., Ally Bank, UBS Bank U.S.A., American Express N.A, and Goldman Sachs Bank. These top five institutions hold approximately 70 percent of the AA's deposits. BOU operates 16 branches and maintains \$1.7 billion in deposits, representing a 0.2 percent market share, and ranks 22nd based on the deposit market share.

Community Contact

Examiners conducted one new community contact based in the Salt Lake City-Provo-Orem CSA AA. The contact is a nonprofit organization that primarily serves LMI families, elderly, and minorities to obtain affordable housing throughout the state of Utah. Inflation and the difficult economic conditions has created a high level of demand for affordable housing as rents has risen at a rapid pace. The primary need for LMI families and individuals is access to more low-income units since there is not enough. LMI families have to commute great distances since housing is more affordable outside of the city limits. Most jobs are located in Salt Lake City, which is where the higher paying jobs are located. The contact indicated that there are opportunities for local banks to participate in down payment and loan assistance. The contact also indicated that financial institutions could offer more financial literacy courses, less stringent requirements for prospective applicants and offering small dollar loan programs.

Examiners leveraged an existing community contact that provides resources for economic development and affordable housing also serving the Salt Lake City-Provo-Orem CSA AA. The contact indicated that the economy is strong, but unemployment rates have risen due to the lack of tourism. Nevertheless, the economy has recovered since the height of the pandemic. Businesses are faced with challenges finding workers as the general population live in more affordable areas, which is further away from the city center. Salt Lake City and the southwest region of the state has the highest concentration of workers with areas in-between both having a sparse workforce. Salt Lake City has high economic performance with some of the highest rates of gross domestic product (GDP) and GDP per capita growth.

The majority of growth in the AA is within the information technology, life sciences and finance industries. As the economy and population are growing, there have been significant increases in cost of living rates. The contact also noted that the area has a housing shortage, which further leads to the lack of afford housing.

Credit and Community Development Needs and Opportunities

Considering information obtained from the community contact, bank management, and demographic and economic data, examiners determined that affordable housing is a primary credit need for the AA. Additionally, examiners identified CD opportunities exist in the AA with down payment assistance for first time homebuyers, and financial literacy education.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE SALT LAKE CITY-PROVO-OREM CSA AA

LENDING TEST

Lending levels within the bank's Salt Lake City-Provo-Orem CSA AA reflects good responsiveness to the AA credit needs. The geographic distribution of loans reflect good penetration throughout the AA. The distribution of borrowers reflects, given the product lines offered by the institution, good penetration among retail customers of different income levels and business customers of different size. The bank is a leader in making CD loans in the AA.

Lending Activity

BOU's lending levels reflect good responsiveness to the AA credit needs. BOU originated or purchased 670 home mortgage loans totaling \$296.0 million, 623 small business loans totaling \$73.0 million and 45 CD loans for \$323.5 million during the evaluation period.

According to peer home mortgage data, in 2021, BOU ranked 68th out of 569 lenders that reported 316,332 originated or purchased home mortgage loans in the AA, giving the bank a market share of 0.3 percent by number and 0.4 percent by dollar. The bank's home mortgage lending activity trended down across the evaluation period. It is important to note that there is considerable mortgage competition in the Salt Lake City-Provo-Orem CSA AA, especially with the large number of mortgage companies. BOU's performance is comparable to several of the regional banks that share a similar AA.

According to aggregate small business data, in 2021 BOU ranked 18th out of 204 lenders that reported 64,891 small business loans in the AA, giving the bank a market share of 1.0 percent by number and 2.9 percent by dollar. The bank's small business lending activity trended down over the review period. The bank competes with many large national banks that dominate this market.

Geographic Distribution

The institution's geographic distribution of loans reflects overall good penetration throughout the AA. Adequate penetration of home mortgage and excellent penetration in small business loans support this conclusion.

Home Mortgage

The geographic distribution of home loans reflects adequate penetration throughout the AA. In low-income tracts, the bank's performance is comparable to ACS and aggregate performance. The institution's lending penetration in moderate-income tracts is comparable, but slightly below ACS and aggregate performance.

Geographic Distribution of Home Mortgage Loans						
Assessment Area: Salt Lake City-Provo-Orem CSA						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%

Borrower Profile

The distribution of borrowers reflect adequate penetration among retail customers of different income levels and adequate penetration among business customers of different revenue sizes. Adequate home mortgage and small business lending performance support this conclusion.

Home Mortgage

The distribution of borrowers reflects given the product lines offered by the institution, adequate penetration among retail customers of different income levels. While the bank's performance is below the demographic percentage of families, the bank's performance to LMI borrowers, by number of loans, reflect percentages nearly identical to the aggregate lending levels. A lower aggregate percentage indicates limited lending opportunities to low-income borrowers.

Distribution of Home Mortgage Loans by Borrower Income Level						
Assessment Area: Salt Lake City-Provo-Orem CSA						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2021	19.0	6.0	42	6.3	7,470	2.5

Small Business Loans

The distribution of borrowers reflects, given the product lines offered by the institution, adequate penetration to business customers of different revenue sizes. While BOU's lending to businesses with gross annual revenues of \$1.0 million or less trailed both demographic and aggregate data, the overall performance still reflects adequate penetration.

The bank's performance was 82.3 percent below the percentage of business data and 38.9 percentage points below aggregate data. The number of SBA PPP loans originated by the institution negatively affected the performance. Although not required to do so, the bank did not report gross annual revenues on the SBA PPP loans. Therefore, examiners were unable to analyze lending to small businesses. Of the 623 loans made to small businesses, 500 were under the SBA PPP. To neutralize the impact of the SBA PPP lending, examiners adjusted the performance ratio by excluding PPP loans from the total lending volume. When SBA PPP loans were excluded from the analysis, the lending penetration improved to 32.5 percent by number, which is modestly below the aggregate data. Considering the competition in the AA, market share, and economic factors, the bank's performance is adequate.

Distribution of Small Business Loans by Gross Annual Revenue Category

Community Development Loans

BOU is a leader in making CD loans in the Salt Lake City-Provo Orem CSA AA; refer to the following table. The bank's CD lending by dollar volume increased since the prior evaluation.* BOUs performance was significantly higher than similarly situated institutions. The majority of the AA CD loans targeted revitalize or stabilize initiatives, which is an identified credit need within the AA.

Community Development Lending by Year										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

* The scope of review conducted by the Federal Reserve differs compared to this performance evaluation. During the 2021 prior evaluation, the Salt Lake City MSA and the Ogden-Clearfield MSA AAs were evaluated as separate full-scope areas, while Provo-Orem and Wasatch counties were evaluated as limited-scope areas. There is no documentation in the prior evaluation on the volume of CD loan activity in limited-scope areas. At the prior 2021 evaluation, the bank made 25 CDL loans for \$93.5 million in the Salt Lake MSA AA and 29 CD loans for \$105.9 million in the Ogden – Clearfield MSA AA.

The following are notable examples of CD loans originated during the evaluation period:

- BOU originated a \$1.4 million dollar loan to a federally recognized tribe residing in Utah and Idaho. The tribe controls a 190-acre reservation in Washakie, Utah, with an office in

Brigham City in Box Elder County. This financing will allow the Tribe to move their main headquarter office to Ogden, Utah, which is located in a low-income CT.

- BOU originated a \$21.7 million dollar infrastructure loan in the Ogden-Clearfield MSA to finance a redevelopment project within the city of Clearfield. The redevelopment included constructing roads, utilities, and enhancing a community's esthetics to spur residential and commercial development in the city.
- BOU participated \$15.0 million dollar loan with another local financial institution to support a Division of Labor job program and bring employment training and services to LMI individuals with disabilities, correctional facilities, and detention workforce sites.

INVESTMENT TEST

The institution has a significant level of qualified CD investments and grants in the Salt Lake City-Provo-Orem CSA AA. The institution exhibits good responsiveness to credit and CD needs. The institution occasionally uses innovative and complex investments to support CD initiatives.

Investment and Grant Activity

BOU has a significant level of qualified CD investments and grants and is occasionally in a leadership position, particularly those that are not routinely provided by private investors. During the evaluation period, BOU made 26 investments totaling \$18.6 million and made 99 grants and donations totaling \$185,000. This performance is stronger compared to the previous evaluation where BOU made a total of \$7.2 million in investments, donations and grants. Similar to the previous evaluation, the majority of BOU's investment benefited affordable housing, an identified AA need, followed by community services. The following table details BOU's investments, grants and donations by the year and CD type.

Community Development Investments/Donations by Assessment Area

<i>Source: Bank Data</i>										

The following are notable examples of investments and donations made in the Salt Lake City-Provo-Orem CSA AA.

- BOU invested \$3.0 million in a Community Impact Bond Fund that financed a multifamily affordable housing property in Murray, UT. All 456 residential units are reserved for low-income individuals with income below 80 percent of the AMI, 259 units below 60 percent of the AMI, and 16 units below 50 percent of AMI.
- BOU invested \$1.0 million in a Community Impact Bond Fund that financed an affordable housing complex in West Jordan, UT. All 98 apartment units are designated for LMI housing contracted with Housing Urban Development. The property features energy efficient appliances, water heaters, energy conservation devices and programmable thermostats to help the residents maintain a lower utility bill.
- BOU partnered with the UHC and invested \$4.3 million in a LIHTC for the construction of two affordable housing properties located in Ogden, UT. The project consists of 128 units restricted to LMI individuals.

Responsiveness to Credit and Community Development Needs

BOU exhibits good responsiveness to credit and community economic development needs in the Salt Lake City-Provo-Orem CSA AA. The bank's investments primarily supported affordable housing needs of the AA. The bank's CD grants and donations primarily supported community services needs of the AA.

Community Development Initiatives

The institution occasionally uses innovative and complex investments to support CD initiatives. Refer to the bank-wide AA analysis for further detail.

SERVICE TEST

BOU is rated "High Satisfactory" in the Service Test in the Salt Lake City-Provo-Orem CSA AA.

Accessibility of Delivery Systems

Delivery systems are accessible to essentially all portions of the institution's AA. The branch distribution and alternate delivery systems in the Salt Lake City-Provo-Orem CSA AA are consistent with the institution overall. BOU operates 15 full-service branches and ATM's in this AA. The bank operates 5 branches, or 33.3 percent of the branch network, within LMI CTs.

Changes in Branch Locations

To the extent changes have been made, the bank's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and/or LMI individuals. No branches were opened, closed, or relocated in the AA during the review period.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences certain portions of the AA, particularly LMI geographies and/or individuals. Products and services offered in the AA are

consistent with the bank overall. Branch lobby hours do not vary, with service offered from 9:00 a.m. to 5:30 p.m. Monday through Friday. Fourteen of the fifteen branches offers drive-up services and the one that does not is located in a middle-income CT.

Community Development Services

BOU provides a relatively high level of CD services in the Salt Lake City-Provo-Orem CSA AA. During the evaluation period, BOU senior management and staff provided, 1,243 hours of qualified CD services to a variety of CD organizations and programs that serve the needs of LMI individuals and small businesses. The vast majority of CD services provided consist of community service activities to organizations that target LMI individual's needs within the AA. The table below presents the bank's CD service activity for the Salt Lake City-Provo-Orem CSA AA.

Community Development Services by Year					
Activity Year	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	# of Hours	# of Hours	# of Hours	# of Hours	# of Hours
2021	65	397	39	0	501
2022	55	554	48	0	657
2023 (YTD)	19	86	3	0	108
Total	139	1,037	90	0	1,266
<i>Source: Bank Records 1/19/2021 - 04/17/2023</i>					

The following are notable examples of CD services provided by bank employees that benefit the Salt Lake City-Provo-Orem CSA AA:

- Throughout the evaluation period, several bank employees served on either the Board or teaching financial literacy for an organization dedicated to providing education, nutrition, mentoring and other services to LMI families.
- Members of BOU's senior management served on the Board of an organization with a mission to provide education on affordable housing solutions and improving housing quality for LMI families.
- Senior management team spent several evenings volunteering in concert with a local CD service organization as overnight hosts for local families in need of shelter. This is a service event, which was spearheaded by a former chief lending officer and a Board member of the CD organization.

LOGAN MSA AA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN THE LOGAN MSA AA

The Logan MSA AA is located in the northern part of the state and extends to the Idaho border. The Wellsville Mountains are to the west and the Bear River Mountains cover the eastern half of Cache County. The AA consists of Cache County in its entirety. There have been no material changes in the AA during the evaluation period.

Economic and Demographic Data

According to the 2015 ACS data, the Logan MSA AA contains a total of 26 CTs: 2 low-, 5 moderate-, 11 middle-, and 8 upper-income CTs. The following table shows select demographic, housing, and business data for the AA.

Demographic Information of the Assessment Area						
Assessment Area: Logan MSA AA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #

There were no federal disasters in the AA during the evaluation period.

The BLS provides data on changes in unemployment rates. According to the BLS, during 2021, Cache County’s 2021 unemployment rate stood at 2.1 percent. Beginning in 2022 and following the

COVID-19 pandemic, the MSA's unemployment rate hovered between 2.0 and 2.1 percent, which was significantly below the national average of 4.3 percent. The BLS also indicates that the MSA's hourly wages are significantly below the nation hourly rate. During May 2021, hourly workers in the Logan MSA earned an average hourly wage of \$22.03 per hour, which is below the national average hourly rate of \$28.01 over the same period.

Logan, UT MSA

According to Moody's Analytics of July 2022, the economy is stable with above average hiring compared to the state and national averages. The gains in hiring are primarily concentrated in leisure/hospitality services. The tight labor market and rise of average hourly earnings has narrowed the gap with areas such as Salt Lake City and Provo. The demographics and low business costs attracts new firms, venture capital and talent in the area. Although the area lacks a highly skilled labor force, the low cost structure is appealing. For example, as the population continues to grow, high wage employment is a possibility as potential technology firms relocate to lower cost areas. The housing market remains a solid contributor to the local economy. When interest rates were low, there was a surge in housing demand, which led to new home construction. Since then rates have risen causing the housing market to slow along with weak demand and a higher level of single-family homes. As a result, the increased inventory will push housing prices lower. Lower housing prices presents an attractive opportunity for first-time homebuyers that have been priced out of the market over the last two years. The strengths of the area include the presence of Utah State University and a low cost of doing business. Weaknesses include limited access to major metro areas and lack of high wage employment. The top employers include Utah State University, Conservice, Swift Beef Company, Schreiber Foods, and Intermountain Health Care.

Competition

The AA is highly competitive for financial services. According to the June 30, 2022 FDIC Deposit Market Share Report, 10 institutions operate 24 branches inside the market area and share \$3.0 billion in deposits within the AA. The top 5 institutions by deposit market share include the following: Cache Valley Bank, Zions Bancorp, Wells Fargo Bank, Glacier Ban and J P Morgan Chase Bank. According to this data, BOU operates 2 branches and maintain \$137.0 million in deposits, representing 4.4 percent of the total deposits in the AA and ranks 6th based on market share.

Community Contacts

Refer to the Salt Lake City CSA AA.

Credit and Community Development Needs and Opportunities

Considering information obtained from the community contact, bank management, and demographic and economic data, examiners determined that affordable housing is a primary credit need for the AA. Additionally, examiners identified CD opportunities exist in the AA with down payment assistance for first-time homebuyers and financial literacy education.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE LOGAN MSA AA

LENDING TEST

Lending levels within the bank's Logan MSA AA reflects good responsiveness. The geographic distribution of loans reflect good penetration throughout the AA. The distribution of borrowers reflects adequate penetration. The bank is a leader in making CD loans in the AA.

Lending Activity

BOU's lending levels reflect good responsiveness to the AA credit needs. BOU originated or purchased 344 home mortgage loans totaling \$101.3 million, 21 small business loans totaling \$2.7 million, and 1 CD loan for \$1.7 million during the evaluation period. Performance is compared with aggregate lending data.

According to peer home mortgage data, in 2021 BOU ranked 10th out of 255 lenders that reported 12,530 originated or purchased home mortgage loans in the AA, giving the bank a market share of 3.3 percent by number and 3.8 percent by dollar. The bank's home mortgage lending activity trended down across the evaluation period. It is important to note that considerable competition in the Logan MSA AA, especially with the large number of mortgage companies. BOU's home mortgage lending performance is slightly below a similarly situated bank within the AA. This similarly situated institution is headquartered in this AA.

According to aggregate small business data, in 2021 BOU ranked 17th out of 61 lenders that reported 3,263 small business loans in the AA, giving the bank a market share of 0.6 percent by number and 1.5 percent by dollar. The bank's small business lending activity trended down over the review period. The bank competes with many large national banks that dominate this market. BOU's small business lending performance is outpaced by the similarly situated bank, which is headquartered within this AA.

Geographic Distribution

The institution's geographic distribution of loans reflects adequate penetration throughout the AA. Adequate penetration of home mortgage and good penetration in small business loans support this conclusion.

Home Mortgage

The geographic distribution of home loans reflects adequate penetration throughout the AA. In low-income tracts, the bank's performance is comparable to ACS and aggregate performance. The institution's lending penetration in moderate-income tracts are comparable, but slightly below ACS and aggregate performance.

Geographic Distribution of Home Mortgage Loans						
Assessment Area: Logan MSA						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%

Small Business

The geographic distribution of small business loans reflects good penetration throughout the AA. BOU did not originate any small business loans in low-income tracts. However, the institution's lending penetration in moderate-income tracts significantly exceeds demographic and aggregate data.

Geographic Distribution of Small Business Loans

Borrower Profile

The distribution of borrowers reflects given the product lines offered by the institution, adequate penetration among retail customers of different income levels and business customers of different revenue sizes.

Home Mortgage

The distribution of borrowers reflects given the product lines offered by the institution, adequate penetration among retail customers of different income levels and business customers of different revenue sizes. While the bank's performance is below the demographic percentage of families, the bank's performance to LMI borrowers reflect percentages slightly above aggregate lending levels.

Distribution of Home Mortgage Loans by Borrower Income Level						
Assessment Area: Logan MSA						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2021	19.4	3.2	16	4.7	2,470	2.4

Source: 2015 ACS; Bank Data, 2021 HMDA Aggregate Data, "--" data not available. Due to rounding, totals may not equal 100.0%						

Small Business

The distribution of borrowers reflects given the product lines offered by the institution, adequate penetration among retail customers of different income levels and business customers of different revenue sizes. While BOU's lending to business with gross annual revenues of \$1.0 million or less trailed both demographic and aggregate data, the overall performance is adequate.

The bank's performance was 63 percentage points below the percentage of businesses and 27.4 percentage points below aggregate data. The number of SBA PPP loans originated by the institution negatively affected the performance. Although not required to do so, the bank did not report gross annual revenues on the SBA PPP loans. Therefore, the examiners were unable to analyze lending to small businesses. Of the 21 loans made to small businesses 12 were under the SBA PPP. To neutralize the impact of SBA PPP lending, examiners adjusted the performance ratio by excluding PPP loans from the total lending volume. When SBA PPP loans were excluded from the analysis, the lending penetration improved to 55.5 percent by number, which is slightly above the aggregate data. Considering the competition in the AA, market share, and economic factors, the bank's performance is adequate.

Community Development Loans

Overall, BOU is a leader in making CD loans bank-wide, but the bank's CD lending in the AA is lower than the bank-wide level; refer to the table below. The bank's CD lending levels in the AA is consistent with the previous evaluation level. While the bank only originated one CD loan in the AA, the purpose does an excellent job in supporting the community redevelopment needs in a moderate-income area within a designated opportunity zone. There are fewer lending opportunities in the AA given the rural demographics and the volume of banks in the AA.

Source: Bank Data										

- BOU originated a \$1.7 million dollar SBA 504 loan to finance the purchase of a multi-tenant commercial building. The building is located in the downtown historic district in a moderate-income CT within one of the two opportunity zones designated in Cache County. Available incentives include tax incremental financing, municipal assistance for infrastructure, and CD block grant CDFI for the planned development to revitalize this area.

INVESTMENT TEST

The institution has a significant level of qualified CD investments and grants in the Logan MSA AA. The institution exhibits good responsiveness to credit and CD needs. The institution occasionally uses innovative and complex investments to support CD initiatives.

Investment and Grant Activity

BOU has a significant level of qualified CD investments and grants and is occasionally in a leadership position, particularly those that are not routinely provided by private investors. During the evaluation period, BOU made 6 investments totaling \$4.6 million and made 4 grants and donations totaling \$9,000. This performance is stronger compared to the previous evaluation where BOU made a total of \$22,793 in investments, donations and grants. Similar to the previous evaluation, the majority of BOU investment benefited affordable housing, an identified AA need followed by community services. The following table details BOU's investments, grants and donations by year and CD type.

Community Development Investments/Donations by Assessment Area										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals

<i>Source: Bank Data</i>										

The following are notable examples of investments and donations made in the AA:

- BOU invested in a mortgage backed security totaling \$4.6 million that benefited a multifamily affordable housing property in Cache County, UT. The units on the property is restricted to LMI households or individuals.
- BOU donated \$6,000 to Utah State University, which benefited community services and provided financial aid to LMI students.
- BOU donated \$2,500 to a child and family support center that benefited community services. The funds helped to provide a safe shelter for children in crises, and establish educational workshops and therapy for all families in need.

Responsiveness to Credit and Community Development Needs

BOU exhibits good responsiveness to credit and community economic development needs in the Logan MSA AA. The bank's investments primarily supported affordable housing needs of the AA. The bank's CD grants and donations primarily supported community services needs of the AA.

Community Development Initiatives

The institution occasionally uses innovative and complex investments to support CD initiatives. Refer to the bank-wide analysis for further detail.

SERVICE TEST

BOU is rated "Low Satisfactory" in the Service Test in the Logan MSA AA.

Accessibility of Delivery Systems

Delivery systems are accessible to essentially all portions of the Logan MSA AA. The branch distribution and alternate delivery systems in the AA are consistent with the institution overall. BOU operates two full-service branches and ATMs in the AA and both are located in middle-income CTs.

Changes in Branch Locations

To the extent changes have been made, the institution's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and/or LMI individuals. No branches were opened, closed, or relocated in the Logan MSA AA during the review period.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences certain portions of the AA, particularly LMI geographies and/or individuals. Products and services offered in the AA are consistent with the bank overall. Branch lobby hours do not vary, with service offered from 9:00 a.m. to 5:30 p.m. Monday through Friday. Both of the branches offer drive-up services.

Community Development Services

The bank provided no CD services in the Logan MSA AA.

OTHER ASSESSMENT AREAS – Limited-Scope Review

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE LIMITED-SCOPE REVIEW ASSESSMENT AREA

St. George MSA AA – Limited-Scope Reviews

The following table summarizes the bank's performance in the limited-scope AA as compared to its overall performance. The following conclusion is based on a review of available facts and data, aggregate lending comparison, and demographic information. The conclusion did not alter the bank's overall performance rating.

Assessment Area	Lending Test	Investment Test	Service Test
St. George	Below	Consistent	Consistent

The following facts and data support the conclusions for the limited-scope AA. The institution operates one full-service branch located in a middle-income tract in the AA. Branch locations did not change in the AA during the review period.

Washington County is now Utah's fifth largest and is experiencing significant growth primarily driven by baby boomer retirees, as well as a migration accelerated by the COVID-19 pandemic. Washington County is located at the southern west corner of the state. The St. George MSA is large and much of the land is rural.

The AA is competitive for financial services. BOU is new to Washington County and opened one branch in the AA during September 2021. According to the June 30, 2022 Market Share Report, 9 banks operate in the AA, compete for loans and share \$13.3 billion in deposits. The top four institutions include Zions Bancorp, Wells Fargo Bank, Cache Valley Bank, and the State Bank of Southern Utah. Together they share nearly 80 percent of the deposits within the AA. BOU has one branch that was opened during September 2021 with \$13.3 million in deposits. This represents 0.32 percent of the AA's deposits and ranks 9th based on market share.

In 2021, BOU ranked 57th out of 350 lenders that reported 27,140 originated or purchased home mortgage loans in the AA, giving the bank a market share of 0.3 percent by number and 0.3 percent by dollar.

In 2021, BOU ranked 24th out of 85 lenders that reported 6,273 small business loans in the AA, giving the bank a market share of 0.2 percent by number, and 0.5 percent by dollar.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

- 1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area;
- 2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
 - i. The proportion of the bank's lending in the bank's assessment area(s);
 - ii. The dispersion of lending in the bank's assessment areas(s); and
 - iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s);
- 3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
 - i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
 - ii. Small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;
 - iii. Small business and small farm loans by loan amount at origination; and
 - iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals;
- 4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and
- 5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

- 1) The dollar amount of qualified investments;
- 2) The innovativeness or complexity of qualified investments;
- 3) The responsiveness of qualified investments to available opportunities; and

- 4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

- 1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;
- 2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;
- 3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.*, RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
- 4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

- 1) The extent to which the bank provides community development services; and
- 2) The innovativeness and responsiveness of community development services.

SCOPE OF EVALUATION

Bank of Utah	
Scope of Examination: Full-scope reviews were performed on the following AAs within the noted rated areas: State of Utah: Salt Lake City-Provo-Orem CSA AA Logan MSA AA	
Time Period Reviewed:	1/20/2021 to 4/25/2023
Products Reviewed: Home Mortgage Loans: (1/1/2021 - 12/31/2022) Small Business Loans: (1/1/2021 – 12/31/2022)	

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

- (1) Has its primary purpose as community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in “loans to small farms” as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area’s population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.

Error Status Information

Respondent ID: 0000017159

Institution: Bank of Utah

Agency: FDIC - 3

Record Identifier: ¹¹	Total Composite Records on File	Total Composite Records Without Errors	Total Validity ¹⁰ Errors	Percentage of Validity Errors
Transmittal Sheet	1	1	0	0.00%
Small Business Loans	73	73	0	0.00%
Small Farm Loans	1	1	0	0.00%
Community Development Loans	1	1	0	0.00%
Consortium/Third Party Loans (Optional)	1	1	0	0.00%
Assessment Area	8	8	0	0.00%
Total	85	85	0	0.00%

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.
11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.

HMDA Disclosure Statement

2023

2022

Home Mortgage Disclosure Act Notice

The HMDA data about our residential mortgage lending are available online for review. The data shows geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials. These data are available online at the Consumer Financial Protection Bureau's Web site (www.consumerfinance.gov/hmda). HMDA data for many other financial institutions are also available at this website.
