

## Private Banking

With Bank of Utah's Private Banking program, you get more than a banker - you get an adept team that can offer simplified account management, credit solutions for growing your wealth, and advisory assistance for your estate planning, retirement planning, and business succession.

## What Sets Bank of Utah Apart?

Bank of Utah's Private Banking services are available to qualified clients who have a need for more customized banking solutions and personal attention. We understand that no two client's needs are the same, thus we tailor our services around the specific needs of each client. Our Private Banking program provides clients with a robust suite of benefits and services, along with the unique personalized touch that only a community bank can offer.
